

Cable tray corner inside corner

Overview

With a height of 80 mm and a width of 20 mm, it offers a compact and efficient way to route cables along walls or in corners. The cable trunking corner is designed in a pure white color that seamlessly integrates into various interior designs. It is made from high-quality acrylonitrile-butadiene-styrene (ABS), ensuring durability and resilience. Not only does the Radius Corner Splice protect the natural cable radius, but it also reduces cable stress while routing 90-degree angles. Each kit includes two 90-degree splice bars and eight sets of the nVent CADDY WBT Performance Cable Tray Splice Kit. Name: nVent CADDY CORNER SPLICE WH WBT Performance Cable Tray. Hubbell's NEXTFRAME® Ladder Tray is the effective and widely used cable runway that supports and delivers bundles of cable between cabinets, racks, and closets, along walls, and suspended from ceilings. The Ladder Tray features light, rugged, tubular steel construction.
