

Core Switch 4503

Overview

Cisco · PoE · Switches · 96 ethernet ports · Layer 3 · VLAN The 3-slot Cisco Catalyst 4503-E chassis are ideal for Power over Ethernet (PoE) or non-PoE wiring closets, and small distribution, small core, and branch offices. The Cisco ® Catalyst ® 4500 Series Switches enable Borderless Networks, providing high performance, mobile, and secure user experiences through Layer 2-4 switching investments. Integrated resiliency features in both hardware and software success. Its centralized, innovative, and flexible system design helps ensure smooth migration to wire-speed IPv6 and 10. to 1500W POE power per slot. Any two Cisco. We have the following Cisco 4503 manuals available for free PDF download.
