

FC fiber optic patch cord pigtail

Overview

We supply FC fiber optic pigtails, including the single mode and multimode types, These fiber pigtails are most commonly made with 900µm tight buffer cable and are available in multi-color 12 pack of FC Pigtails. Made with premium grade connectors and with typical 0.9mm. FC Fiber Optic Patch Cord stands for Fixed Connection. It is fixed by way of a threaded barrel housing. FC connectors were designed for use in high-vibration environments. The FC connector is the most popular. Today, I'll show you how to pick the right patch cord or pigtail — step by step. You plug it into a switch, router, or patch panel. The cookie is used to store and identify a users' unique session ID for the purpose of managing user. Thorlabs offers single mode patch cables with FC/PC connectors on both ends. Available from stock, these cables feature either Ø3 mm PVC protective jackets or Ø900 µm Hytrel ® * furcation tubing.
