FC large D fiber optic adapter

Overview

FC-FC Fiber Optic Adapter Simplex Large D-Type Flange Connector features durable nickel-plated brass, low insertion loss, high return loss, secure flange, and wide temperature range for reliable fiber links. Simplex design: Allows for easy and reliable fiber optic connections with only a single fiber. All movable optical fiber connectors have passed inspection by the Quality Supervision & Inspection Center of Optical. FC Adapters have the following characteristics: first, strong compatibility and can support multiple device connections; Secondly, the operation is simple, and users only need to insert the device into the adapter to use it; Thirdly, it has strong scalability and can add new features through. Fiber optic adapters are used to provide a cable to cable or cable to equipment fiber optic connection. Use in Singlemode or Multimode applications. According to the appearance, FC adapter can be divide into : FC small D adapter, FC bid D adapter, FC.
