

Fiber Optic Cable Cold Cutting Tool Kit

Overview

This tool kit features the following: JIC-375 strips the 1.6 mm-3 mm fiber jacket, 600-900 micron buffer coating, and 250 micron coating of fiber cables to expose the 125 micron glass fiber JIC-186 is perfect for cutting Kevlar®, cabling insulation, tape, cable ties. 2-piece kit Fiber optical thermal stripper M8 & fiber optical cleaning clip compatible with bare fiber/bundle and ribbon fiber for 1-48 core dual heating mode and 8-level temperature regulation. Need help?

Tackle fiber optic installations with comprehensive tool kits. Discover reliable solutions. Fiber optic connectors are designed to be connected and disconnected many times without affecting the optical performance of the fiber circuit. Optimal performance can be achieved by following the correct process for termination of the fiber circuit—a task which requires the use of a wide range of. Equip your team with our professional Fiber Optic Tool Kits. Designed for FTTH installation and network repair, these sets include high-precision fiber strippers, cleavers, and Kevlar shears housed in a rugged, impact-resistant hard case. The ultimate all-in-one solution for fiber optic termination. Multi-Purpose Fiber Optic FTTH Tool Kit, it can provides the tools necessary for the assembly of mechanical splices and it will bring you a higher working efficiency. It is an ideal tool for construction operators. For a full refund with no deduction for.
