

German manufacturer of high-temperature optical cables

Overview

FCC FibreCableConnect GmbH develops and manufactures fiber optic cables for laser beam delivery up to 1 kW laser power for industrial and medical applications, based on standardized connectors like SMA or D80. Optical fiber solutions for applications from high temperature to radiation, harsh chemical environments, laser light transmission, sensing, spectroscopy – made for outstanding performance and durability. This extends the potential field of application to a range from $-190\text{ }^{\circ}\text{C}$ to $+385\text{ }^{\circ}\text{C}$. WEICON has been producing specialty products for the industry since 1947. The headquarters of the ISO 9001 certified company is located in Jena, Germany, the center for. In Germany, there are many excellent fiber optic cable manufacturers that specialize in manufacturing and supplying various optical cables suitable for different environmental applications.
