

How much does Swedish steel cable tray cost

Overview

Steel trays typically cost between \$5 to \$25 per meter. They are strong, durable, and widely available, making them ideal for general-purpose electrical installations in residential, commercial, and industrial settings. Cable tray pricing depends on materials, coatings, size, supplier margins, and order quantity —plus hidden costs like shipping and installation. This guide breaks down everything buyers need to know, from price trends to cost-saving tips. It will also no longer be possible to place orders via Elfa Distrelec's Sales offices. The price is based on standard length of the cable tray which is 2. Such additional costs come from safety considerations since improper installation. The telecom tray is fixed on KHZ and KHZV (oval pressed rung) through tying around the rung, on KHZSP, KHZP and KHZPS it is fixed with screw kit W34 through the perforated rung.
