

Industrial socket five-hole distribution box

Overview

With a five-hole configuration and a 10A current rating, this socket is perfect for applications requiring reliable and secure power distribution. Featuring an innovative air-opening guide rail box, it enhances cooling and ventilation, ensuring optimal operation under heavy loads. Extremely robust, impact resistant, ageing and weather resistant. Industrial socket box: specially designed for industrial electrical systems, durable and capable of providing centralized and stable power, high efficiency, built-in circuit protection device to ensure equipment safety

Centralized power transmission: It contains multiple sockets arranged in a. Using its global strength and market leading position, Legrand has developed a complete range of cable management solutions, including:

- Swifts cable ladder and cable tray
- Salamandre distribution trunking and lighting trunking
- Cablofil steel wire cable tray
- Floor and perimeter systems

• [Industrial Grade Socket Box] Equipped with 4pcs two core sockets (220 to 250V 16A) and 2pcs five core sockets (380 to 415V 16A, 32A), meeting the power distribution needs of various electrical equipment. [Built in Circuit Breakers] Featuring C16 and C32 circuit breakers (1P 230V 16A, 3P 400V 16A. Industrial plugs, sockets, and distribution boxes are specifically designed for power connections and electrical equipment control in industrial environments.
