

Lao manufacturer s DAC high-speed cable QSFP

Overview

This cable is compliant with IEEE 802.3ba Ethernet standard and QSFP MSA Compliant. With these features, this easy to install, high speed, cost-effective direct attach copper twinax cable is suitable for short-distance connectivity within a rack or between adjacent racks in data. This cable is compliant with IEEE 802. Thanks to their four-lane parallel architecture, QSFP cables combine high bandwidth with compact design. The 400G QSFP-DD AOC is a high-performance module for short-range multi-channel data communication and interconnection applications. It integrates eight data channels, each capable of running at 53.125Gbps using OM3 fiber and up to 70m. 1. Everendless is a customer-oriented telecommunication company, which specializes in selling all kinds of new and refurbished telecommunication equipment. If you have any needs, please feel free to contact us, we will do our best to support you. Designed to meet the requirements of Small Form. High-speed I/O passive cable assemblies that can deliver data rates as high as 400 Gbps with a variety of lengths or customized options for greater design flexibility. It provides a QSFP+ to QSFP+ copper direct-attach solution.
