

Norway SFP optical module 10G

Overview

Varenummer: 975037 / Produktnr. : SFP-10GE-LR-C Transceiver for high-speed 10Gb Ethernet networks. Compatible with Cisco and Netgear systems. Supports 10km data transmission distance. Features Digital Diagnostics Monitoring (DDM). FS 10G SFP+ transceiver module solutions provide a wide variety of reliable 10 Gigabit Ethernet connectivity options for data centre, enterprise, and service provider transport applications. Actual product appearance and specifications may vary. Operating at a wavelength of 1310nm, this high-performance module supports transmission up to 40 kilometers and is fully compliant with SFP+ MSA and IEEE 802. Digital diagnostic functions are available via an I2C serial bus specified in the. Single-fiber bidirectional (BIDI) optical modules must be used in pairs. For example, SFP-10G-BXD1 must be used with SFP-10G-BXU1. If the SFP-10G-ER-1310 is connected. 10GBASE-LR is a 10-gigabit Ethernet optical standard that operates at 1310 nm over single-mode fiber (SMF), supporting link distances of up to 10 km.
