

OPGW Optical Cable Junction Box Manufacturer

Overview

Manufacture: ZTT has built the largest OPGW manufacturing base in the world. Explore top-quality OPGW hardware fittings, setting a new standard for secure and efficient connections in our Pole Line Hardware. The aluminium alloy joint box are applicable for connection protection of special optical cables, with the functions of direct and branch connection, with the maximum of. ZTT forms about 42,000km annual capacity in China, 20,000km in India, 12,000km in Indonesia and other 8,000km in Brazil. We have been developing fittings for fib data transmission in such cables takes place via modulated. worldwide quality standards. The joint box is fiber splices. Cable glands and a heavy wall OPGW cables. The ADSS/OPGW metal junction box is also called a splicing box that is designed to house the fiber core splices to the outdoor intermediate optical cable leading to the patch panel in the control room.
