

# Stainless steel distribution box outdoor rainproof distribution box

## Overview

Our stainless steel distribution boxes are designed with superior weatherproofing features, including secure sealing gaskets and appropriately designed door overlaps. This ensures a high degree of protection against water ingress (rain, sleet, snow, splashing water) and dust. Goode Electric is an enterprise specializing in the production, manufacturing and sales of sheet metal parts such as stainless steel and iron distribution boxes and distribution cabinets. Our company has a history of more than 20 years and has accumulated rich experience in the sheet metal industry. It adopts high quality 304 stainless steel, owning many excellent performances such as artistic outline, corrosion resisting, and Antistatic and impact resistance. Perfect enclosures to suit Measuring instruments, Medical devices, Wireless communication, Control devices, electronic projects, power. Our distribution boxes are made of thickened stainless steel with good high-temperature resistance, which can withstand the long-term high-temperature environment of 80°C-120°C in workshops, and the sealed design prevents dust and oil pollution from damaging internal electrical components. ATA's core. Still worried about outdoor electrical equipment?

this 304 stainless steel distribution box is a lifesaver for outdoor electricity! it is rainproof and rust-proof, safe and durable, and can be easily installed on the wall or bracket.
